Dear Sir:

A filing receipt has been received from the Patent and Trademark Office for the above referenced patent application.

On the filing receipt, there is no priority data listed. The originally filed patent application claimed priority on the United States Provisional Application Serial No. 60/322,184 filed September 13, 2001, and on PCT Patent Application No. PCT/US02/28617 filed September 10, 2002. The above referenced patent application is a National Stage application of the PCT application. The PCT application claimed priority on the United States provisional application. Accordingly, the filing receipt should indicate that the above referenced patent application claims priority on the PCT Patent Application No. PCT/US02/28617 filed September 10, 2002, which in turn claims priority on United States Provisional Application No. 60/322,184 filed September 13, 2001.

As such, it is respectfully requested that the priority information be added to the filing receipt, and a corrected filing receipt be issued in this case.

Respectfully submitted,
FAY, SHARPE, FAGAN, MINNICH & McKEE
